Your Trusted Advisor
for Education Services

Dear Parents

I'm delighted to welcome you to our services and my team. Together, we take a great deal of pride in the care and attention we give to helping you make the best choices for your children.

As parents ourselves, we understand that the well-being, happiness and success of our children is the most important thing in our lives. Our actions, on your behalf, are guided by our common aspiration for your success as they journey from childhood into their teens, and emerge as young adults.

What sets us apart is that we only work with a limited number of clients at any one time. This allows us to give every family the care and attention they deserve as they make some of the biggest decisions of their lives.

Above all, while our networks within the education community are wide and well-established, we have no affiliation to any one school or university. We work for you. Our advice is independent and based solely on what is best for your child and family.

We welcome the opportunity to talk with you, and to hear more about how we can help.

Warm regards,

Rebecca
